EDITORIAL

Our Dear Colleagues,

As you know, our journal is published 6 times per year. We are proud to publish the this fourth issue of JOMPAC in 2023. The quality of the articles is increasing day by day in our journal, which is in Ulakbim TR-Index and many international indexes. In near future, we want to contribute to international literature at an increasing level and to increase the success bar of our journal by entering valuable international indexes such as SCI-Expanded, Scopus, ESCI, and Pubmed. We would like to thank all the authors who contributed to the publication of their valuable scientific articles in our journal. In addition, we would also like to thank everyone who contributed to the journal at any stage.

Sincerely

Prof. Aydın ÇİFCİ, MD
Editor in Chief

Original Article

Efficacy and safety of combined thermocoagulation radiofrequency and pulse radiofrequency in the treatment of trigeminal neuralgia	252
The severity of COVID-19 infection in children with leukemia	258
The clinical course of COVID-19 in pregnant and non-pregnant women	263
Optimized machine learning based predictive diagnosis approach for diabetes mellitus.....	270
Increased frequency of hypertension and coronary artery disease independent of age in primary hyperparathyroidism associated hypercalcaemia	277
Awareness and rates of vaccination in hemodialysis patients.....	283
Evaluation of pressure ulcer development and risk factors in COVID-19 patients followed in the ICU	288
Distribution of yeasts in fungal urinary tract infections from a tertiary care hospital	296
The importance of serum estrone level in cases of chronic venous insufficiency in the lower extremity	302
Histopathological analysis in functional endoscopic sinus surgery	306
Evaluation of the association of anti-thyroid peroxidase with antinuclear antibodies and different antinuclear antibodies patterns	311
Treatment selection for T4 laryngeal cancer: is organ-preserving approach possible with chemoradiotherapy or is multimodality treatment more effective?	315
Long-term outcomes of percutaneous release technique or open for trigger finger in diabetic patients	323
Comparison of ^{99m} Tc-HMPAO-labeled leukocyte scintigraphy findings with systemic inflammatory markers.....	329

Original Article

Is borderline oligohydramnios a problem at term pregnancy? a prospective study of a tertiary hospital	336
A noteworthy prognostic marker in extensive small cell lung cancer: lymphocyte/C-reactive protein ratio	341
Investigation of the synovial fluid pro-inflammatory cytokines and clinical findings in disc displacements of TMJ	345
The effect of occupational therapy on upper extremity function and activities of daily living in hemiplegic patients.....	350
The role of the TAPSE/PASP ratio in the prediction of paroxysmal atrial fibrillation in patients with acute ischemic stroke	355
Prospective examination of Tp-e interval and Tp-e/QT ratio in breast cancer patients receiving radiation therapy	362
Which factors are predicting the mortality in patients with COVID-19 in the intensive care unit?	368
Non dipping pattern frequency and metabolic syndrome relationship according to two different metabolic syndrome diagnostic methods in newly diagnosed hypertensive individuals.....	373
